

DJ ANIKET RAJ

Technical rider — venue, power, load-in

GSTIN: Not registered

House: Saidpur · travel is quoted by city (Patna / Samastipur / Saidpur), not lawn name.

Power

- Dedicated 32A single-phase within 20 m of FOH (3-phase for Thunder).
- Silent generator if the lawn cannot guarantee stable mains — Extra Generator is quoted separately.
- Earth and ELCB required. Do not share the DJ circuit with kitchens or fairy lights.

Load-in

- Crew access three hours before advertised start.
- Ground-floor path or a working goods lift for Thunder stacks.
- Covered van-to-stage route during monsoon.

Stage and FOH

- Pulse / Vibe: dry 12×8 ft raised deck, sheltered. Thunder: 16×10 ft.
- FOH table 2×1 m with a sightline, not in the guest walkway.
- No pyrotechnics over speaker stacks.

Playback

- USB and laptop through our mixer. House booth only if pre-agreed.
- Wireless mics and delay stacks follow the booked package.

Hospitality

- Drinking water for three crew. One hot meal if the show runs past midnight.
